

Note the Difference

It is just as easy and costs no more to have a bright store than a poorly lighted one.

Substitute a few Edison Mazda Lamps for your old carbon lamps and note the difference.

Edison Mazda Lamps give three times as much light as carbon lamps—bright stores do three times as much business as dark stores.

We will gladly advise you how to use electric light to the best advantage.

Frank S. Kenyon who is a senior this year in the Oberlin Conservatory of Music, is working with some of his classmates on an original musical comedy in two acts which will soon be presented by the undergraduate men. The name of the piece is "Miss Ditto" and the music and words are written altogether by the undergraduates interested. Preliminary calls for membership in the cast have brought out an unusual amount of ability. Twelve signed leading characters and a chorus of twenty four, with a large orchestra. Two performances will be given in Warner Hall on April 16 and 17.

ELECTRIC LIGHTS MUCH BETTER

We have installed an automatic voltage regulator at the Power Station. It will keep the lights steady regardless of Interurban Cars. Possibly your December bill was higher than usual. There were about 8 hours of daylight to 16 of darkness, and our meter reader was unavoidably several days late. Wauseon street lighting is the best in the state for the size of the town. We can now give first-class service.

ARCHBOLD DEFEATED.

Last Friday evening Archbold High and Wauseon High, first and second basketball teams clashed at Saunders' Hall, the largest crowd thus far in the season witnessed the game. The visitors were supported by a car load of rooters. The second teams started off easy well-matched but soon the visitors began to lose ground despite the efforts of their leaders, Wauseon's forwards, Snider and Harry Sweeney and center Bell continued to toss them thru the net while Coach Schriber's five moved them and held Archbold down in the second half it still went on. Abbs was substituted for Harry Sweeney and played the remainder of the game, the home team scored 22 points and 9 in the home team's favor. The first team game started off with Heise and R. Howard at forward, Ackerman and Snider at center, Snider and Snider as guards, the supporters of both teams stood steadily behind their men thru out the game. The forwards being the best of the game, they were running neck and neck through the first half and most of the second. In the latter part of the second, however, the home team began to pull away and held the lead up to the whistle. Archbold scored 22 points to Wauseon's 36. Archbold took defeat in good spirit though entertaining high hopes of winning the game on their own floor.

On Friday the 19th, Wauseon plays Montpelier High on the home floor. Wauseon managed to secure a victory once this season with the score of 29-26. Montpelier is reported to have improved since then and a good game is assured with a high score.

Another fast game will be played by the Wauseon team with Archbold on the Archbold floor Friday, February 26th. The game is expected to be a large enough crowd can be secured.

SCHEDULE OF DEBATES. Wauseon High School produces four debating teams this season with the following personnel: First, Affirmative, Mary McClarren, Carl Orndorff, Bruce Smith, and George W. Pank. First Negative, Bryan Heise, Howard McClarren, Marjorie White, and Lois Hoffman, Anna Hodges.

The following schedule has been fixed. Till of debate on Friday evening March 12th, the Bowling Green team will meet the first affirmative Wauseon team at Wauseon and on the same date the first negative team of Wauseon will meet the affirmative team of Tiffin in that city. The question to be debated is The Primary System.

The exact date is not yet settled for the second triangular debate which will be of the question of "Ship Subsidy"; in this debate the second affirmative team will be Wauseon and the negative team of Wauseon will go to Fostoria to meet the affirmative team of that city.

SUDDEN CLOSING. The matinee and Saturday evening performance advertised to be given by the Edwards-Wilson Stock Company at the Princess Theatre last week were given, but the sudden closing of the company explained in detail the reason for the sudden closing of the engagement at the Princess: Two of the men, members of the company were asked to perform some of the good of the company Saturday afternoon the men refused to obey orders claiming they had a date at the skating rink; therefore the company gave them two week's notice of their discharge from the company, the men elected to leave at once, were paid and their baggage were packed and to the balance of the company a vacation with friends in the vicinity of Liberty Center, pending the rehearsal of two men who have been secured to fill the vacancies.

REMARKABLE COINCIDENCE. The day from Allentown, Pennsylvania, where he had been called by the death of his sister, Lloyd Huff, who died at the home of her daughter in Allentown last week at the age of 56 years and 8 months. Mr. Moyer recites some facts in regard to his sister's life and decease which show a remarkable coincidence and would tend to strengthen those who hold to superstitious beliefs in regard to the number 13, in such superstition, Mrs. Huff was one of a family of thirteen brothers and sisters; she had been sick just exactly thirteen weeks on the day of her decease; she died in a house on 13th street, Allentown, Pa. she was buried on Saturday the 13th day of February and she leaves thirteen grand children.

OHIO CONVENTION OF METHODIST MEN

More strong men have been added to the great program of the Ohio Convention of Methodist Men to be held in Columbus March 17-18-19. Word has been received at headquarters that Bishop Stuntz of South America and George Sherwood Eddy will attend Convention and deliver the two closing addresses the evening of March 19th.

Bishop Stuntz is one of the most brilliant speakers of this country. On his election to the Bishopric he was appointed to the South American field for period of four years. Bishop Stuntz served a number of years in India and the Philippines. In the Philippines he was very prominent in establishing the Methodist Missions which have had such remarkable success. The name of Bishop Stuntz added to the program should be the means of drawing a large number of Methodists of the state who are undecided about attending Convention.

Mr. Eddy is the Y. M. C. A. Secretary of Asia, the Near East and Russia and is associated with Dr. John R. Mott, with whom he has made several world tours. He served a number of years as a missionary of the Congregational church of India. In his present position he spends six months of each year in Asia. He has just returned from China where he has had a most remarkable revival among Chinese students, having enrolled 12,000 in Bible classes during the last six months. His meetings were attended by such large crowds of students that the hall was crowded, attended by 1,500 students, were frequent. Mr. Eddy is in great demand as a speaker. Men who have heard him once will travel a long way to hear him again.

With Dr. Mott, Dr. Taylor, Mr. Eddy, Mr. Doughty, Prof. Harry F. Ward, Dr. W. F. Oldham and the large number of prominent speakers who have been previously announced, the Methodist Men's Convention will have the strongest program ever presented in Ohio.

A great deal of enthusiasm is shown all over the state. Last week the pastors of the Cleveland District heartily endorsed the program and voted to do their best in making it a great success, and a movement is on foot to arrange for a special train.

The men of Canton churches are planning to get together and bring a large number by special train and they will enter the big parade as the Canton delegation.

A large number of Boosters are being held in various parts of the state in the interest of the Convention. Bishop Anderson is giving a great deal of his time in speaking at the Boosters and the Bishop is confident that four thousand Methodist Men of Ohio will respond to the call.

Interest is being shown by other denominations and inquiry is being made daily as to the possibility of men, other than Methodists registering. Registrations are being received daily from all parts of the state.

Cards calling for prayer are being sent out to pastors and committeemen and it is expected that 5,000 men will be in the Prayer Band, praying daily for the Convention. Already a large number of pledges have been received.

Dr. Mott will deliver two addresses—"The Christian Man and the Life of Prayer" and "The Present World Situation." Richard Pearson Hobson will speak on "Saloon America in 1920 and Wayne B. Wheeler, State Secretary of the Anti-Saloon League, will speak on "A Saloonless Ohio in 1915."

SPECIAL SERVICE. The "Special" service at the Methodist church last Sunday morning was a great success. A full assembly of the large audience present, after the fervent appeal of the pastor, solemnly convoked willingly to attend faithfully the services of the coming revival bringing their children and young people and inviting their neighbors, to pray earnestly for the salvation of a list of their friends; to do the hard thing whatever it might be for Christ's sake, and to sustain the pastor in the altar call. This covenant means very much toward the success of the meetings and Rev. Hoffman who has been a successful soul winner elsewhere is confidently expecting great times when the meetings finally begin.

NEW GRANGERS. Aetna Grange was re-organized Wednesday February 17, with a charter list of 25 and still growing. Charter list closes February 26. The officers will be installed February 26 at 7 p. m.

A new Grange at Bailey with 56 members; charter list open till February 25th, at 7 p. m. at which time the officers will be installed.

If you want a Grange in your community talk it over with your neighbors, get Grange literature, get busy. E. P. AMES, County Organizer.

One of the pleasant events of last week was the "Valentine" party, at the home of Miss Euphrasie Gushman, on West Chestnut street, Saturday evening given by Miss Alta Cooke and Miss Gladys Bicknell. The house was beautifully and appropriately decorated for the occasion. A two course luncheon was served and "Five Hundred" was the principle feature of the evening's entertainment. The out town guests were Miss Elizabeth Bassett of Port Clinton, Ohio, and Mr. Elmer Benson of Detroit.

CONCERT. Do you enjoy good music. If so come to the concert given by the Methodist Orchestra Thursday evening February 25, at the Methodist church. Program will consist of the following: Selections by the orchestra, cornet, trombone, and clarinet quartet, cornet duets, violin trios, violin and cello trios, male quartets, pianofortes, piano duets, etc., duets and trios will be played on a bottle-phonograph of 24 bottles.

The orchestra consists of fifteen members and they have prepared all new selections. Admission 5 and 10 cents.

Raise 300 to 500 Chicks in One Flock

Buy or hatch at one time all the chicks you will need for the year. Then with the Candee Colony Brooder, raise 300 to 500 in one flock in one house—attend only one heater—buy coal for but one fire—and save labor, fuel, chicks and money.

Because it is coal burning and self-regulating and gives the chicks a correct heat all the time, you will raise the biggest percentage of your birds with no worry, no trouble and at an expense of but a few cents a day for coal.

With the Big Coal-Burning Cast Iron Colony Brooder

Every thing about the Candee is big. Its grate is 12 inches in diameter, a safe size; its boiler is 28 1/2 inches high—as high as a table or desk—and 13 feet 7 inches in circumference; the section of its boiler, that swings around out of the way for tending the fire and cleaning, is 38 1/2 inches wide and gives plenty of room for the operator to get to the heater.

And best of all, its heater is all cast iron, built for real business and to last a lifetime. It comes to you all assembled ready to set up and put to work.

Its guaranteed all-wool-wool felt curtain extends nearly to the floor, and positively directs the heated air down over the backs of the chicks; and it saves fuel because, with the felt curtain, you don't have to heat the whole room to keep the chicks warm.

With the Candee, there is no danger of your buildings catching fire—it has a special safety grate shaker and a sealed base that prevent hot coals falling into the litter. Its coal magazine feeds the fuel to the fire evenly and continuously, and the Candee heater requires attention only once or twice a day.

You are invited to visit my poultry plant to see the Candee Colony Brooder, and to see for yourself why it will save you labor and fuel, raise more of your chicks and increase your profits.

USE THEM.

Don't throw potato parings in the garbage pail but into the stove and thereby save yourself the annoyance of having to call the fire department to put out a chimney fire. The burning potato parings prevents the gathering of soot. A man who is keeping up a strong coal fire in his range every day during the winter, says you can never find a trace of soot on the lid, the bottom of kettles or any of the stove if potato parings are burned daily.
